Pope Reprimands Certain Prelates For Attending Dinner Given by American Ambassador in Honor of Bishop Ireland. Hammond Rafting Company Puts Auxiliary Cable on Raft—Kilburn Leaves Out—Elmore in From Tillamook City—Alumna Sails.

ROME, June 20.—Pope Pius X. is developing a policy of "irreconcilability" so far as the Quirinal is concerned. When his holiness was patriarch of Venice he was, of all the Italian prelates of high rank, the one who was on the most friendly footing with the Italian authorities.

The latest proof of the pope's attitude to the Italian government was given when he sent a severe reprimand to certain prelates (there were even some cardinals among them) who had attended the dinner given by the United States ambassador in honor of Archbishop Ireland. The reason for this is that the American ambassador is accredited to the Quirinal, and not to the Vatican. It is comprehensible that in the case of countries like Spain and Austria, where two embassies exist, one accredited to King Victor Emmanuel and the other to the pope, that a hard and fast rule is made; but the United States never did accredit an ambassador to the Vatican.

The Italian government on the other hand, is said to be trying to adopt a policy of generosity toward the church. The latest proof of this is that the Italian law courts have decided that a cardinal as prince of the church, takes precedence of everybody except the princes of the blood. This question came up in connection with the notorious Murri case. Cardinal Svampa was called as a witness, but invoked his princely rank and demanded that the court should come to his palace to take his evidence. His right to do so has now been upheld by the supreme court, which declared that a cardinal takes precedence even of the knights of the Order of Annunziata, who are called "Cousins of the King," and have the right to address him by the familiar "thou." If a cardinal should visit the court he would have to be received with the military honors paid to a prince of a reigning house.

SCADDING ACCEPTS BISHOPRIC.

PORTLAND, June 20.—Dr. Charles Scadding today formally accepted the Bishopric of the Oregon diocese of the Episcopal church, subject to the approval of the College of Bishops.

EMBEZZLEMENT CHARGED.

NEW YORK, June 20.—Cabel H. Jackson, who said he was a manufacturer of Harrisburg, Pa., was arrested today charged with embezzling \$10,000 growing out of the sale of \$54,000 worth of property as agent for B. F. Kern of Washington, D. C., and Los Angeles, Cal., to the Exploration Company of New York. The prisoner was released on \$5000 bail. Jackson said it was a purely business transaction and no embezzlement. It appears from the papers that Jackson sold the property and later sent \$44,000 to Kern. The full amount involved was \$54,000.

At sundown last evening nothing had been heard nor seen of the United States cruiser Boston, due here from San Francisco, due here from San Francisco. It is supposed she was retarded by the steady nor'west winds of the past 24 hours, and will be on hand this morning.

Later—The big cruiser crossed in at 10 o'clock and arrived off the city at midnight. Captain Patterson boarded her and she proceeded at once to Portland.

The Hammond Rafting Company, whose big sea-raft is still lying in the bay near Hammond, has sent an auxiliary cable down to the monster, the Callender people taking it down, and it will be served aboard the raft, from stern to stem, being riven in with the binding chains that traverse the body of the raft every twelve feet of its length. The cable is of steel and is two and one-half inches in thickness. The trouble with the last raft that went to pieces en route to San Francisco, was that the hauling gear broke in the center of the raft and there was nothing to pick it up with; a condition of affairs that will be obviated in the shipment of the raft here, by the use of this new hauling tackle. It is not known yet when the raft will leave for the south, but probably by July 1st.

The Simpson Lumber Company, has sent over from Knappton, the spars needed for the repairs on the barkentine Jane L. Stanford. The one from which the foremast will be dressed out, is 82 feet long by 3 feet in diameter, and with two others, each 102 feet long by one and a half feet through and there is some fine work done at McCann's shipyard at Seow Bay. The work will not be permitted to languish, but will be rushed to completion with all dispatch.

The steamer F. A. Kilburn came down from Portland yesterday noon and went to sea and San Francisco, via Eureka, almost immediately, with a big crowd of people and lots of freight.

The Callender steamer Jordan left out yesterday afternoon with a week's work ahead of her on the river, towing, and with a double crew on board for the task.

The steamer Shamrock came in from McGowan's yesterday noon with 800 cases of newly packed salmon, en route to the eastern market.

The Columbine left out at 7 o'clock yesterday morning for her week's cruise among the ships and stations of the light-house service, with supplies.

It has developed through local social channels that Captain Thornton Morris, of the handsome schooner A. F. Coates, now loading at the Clatsop mill dock for San Pedro, and his wife, are enjoying

their honeymoon trip, having been wedded just before the vessel sailed for this port from Southern California. A number of Astoria's nicest people have been making this very pleasant for the happy young people and the cruise will likely be remembered for years to come, by all concerned.

The steamer Sue H. Elmore arrived in from Tillamook City yesterday with a number of people in her cabin, and plenty of merchandise in her hold.

The Lurline got away last evening with the following people on her register: Mrs. A. Lee, J. Culter, J. Colby and M. S. Shrock.

The steamer Cascades was among the get-aways from here yesterday. She went to San Francisco, well laden.

The schooner San Buenaventura went over the bar on her way to San Francisco, yesterday morning.

The four-masted schooner Alumna, from Knappton, for San Francisco, went to sea yesterday afternoon.

ARE WE MEN OR MICE?

That there are just as many pushers as knockers in Astoria is evidenced by the splendid manner in which the new hotel committee is being supported.

True the committee meets with some opposition but they are not easily discouraged.

Of course it would have been much better if all the large property owners showed the right spirit, but each wants a promise that the hotel be built near his property or else he prefers no hotel at all.

One or two won't subscribe because there may be a bar in the hotel, while some saloon men won't subscribe because of local option petitions. A few are quaking because the investors desire their names kept private for the present for good reasons.

The committee, as a whole, and not a single member, can positively say where the hotel will be located, that is a question to be determined by the men who are expected to invest \$75,000.

All the committee can do is to get options on sites and to raise the money to pay for any site that may be finally chosen by the men most interested.

Astoria would be in sore straits if her people proved unequal to so small a task.

What is the use of talking of great undertakings if one so small as this cannot be accomplished, neither political jealousies nor petty grievances should stand in the way.

Not a single person can be found who will say that we do not sorely need a hotel, that will attract investors and pleasure seekers; but, little, narrow men are willing to ruin when they can't rule.

What a shame it would be if the news went abroad that Astoria has sunk so deep into the mire of greed, that so important an enterprise was allowed to go by the boards, for lack of prompt support.

Let it be hoped that we will prove to be men worthy of the greatest success.

VIENNA SINGERS IN LONDON.

LONDON, June 20.—The Vienna Maennergesang-Verin, which has been visiting London consists of 230 members, which include the wealthiest members of Vienna society, some of them being millionaires.

Forty-five years ago the Maennergesang-Verin planned a visit to London. They were then celebrated in Austria and Germany as one of the finest male choirs. And it was proposed to visit the great exhibition which the prince consort and Queen Victoria had opened in Hyde Park.

In those days, however, a trip from Austria to England was a far more formidable undertaking than now, and the project fell through on the eve of its completion.

Since then the Viennese musical society has prospered marvelously and is easily the first of foreign choirs. They are enthusiastic over the manner in which they were received by the king and queen.

ONE FOR ALL AND ALL FOR ASTORIA

Astoria's New and Modern
HOTEL!

Mr. Astoria Man:

Did you ever figure how many thousand capitalists visit the Pacific Coast without coming to Astoria?

WHY?

If only 100 investors came to Astoria during each year and only one or two of them invested, would we all be benefitted?

YOU BET!

Would it injure the restaurants and lodging houses now here if the tourists who now stay away would come to Astoria?

NOT MUCH!

We cannot have a hotel in front of every lot.

But every lot will be benefitted by a FINE HOTEL.

Have you the nerve to invite your influential friends to visit Astoria now? Where will they stop in Astoria?

Opportunity knocks but once—other knockers please copy.

You can't go ahead by sitting still. Respectfully,

THE NEW HOTEL COMMITTEE.

WORKS WONDERS.

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Astoria testimony proves it.

Mrs. Helen Lewis, of 52 Astor street, Astoria, Ore., says: "Doan's Ointment proved its healing qualities several years ago then I used and told in a published statement the great relief and cure I obtained from it. I used it for a breaking out around my mouth and lips which had troubled me for a number of years, despite all I could do to get rid of it. My lips would crack and become sore when cold weather set in, and this lasted until it got warm again. I was finally induced to try Doan's Ointment, procuring it at Charles Rogers' drug store. In a short time after beginning to apply it I was cured of the annoyance, and I have been entirely free from it since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
